** We do not put a hold on animals; the adoptions are only completed once we have received full non-refundable payment.*

IMPORTANT INFORMATION ABOUT THE ADOPTION.

Many of our animals are at the Animal Care Centre because their former owners did not think through the responsibilities of owning a pet. Please remember that an animal could live 10 to 20 years and cost hundreds of dollars every year.

We strongly recommend that you spend a lot of time getting to know the animal and do research on the specific breeds before you adopt. Please do not base your adoption on how the animal looks!

All adoption fees must be paid at the time of the adoption and it is non-refundable. We do not put animals on hold.

All animals under the age of 6 months or that are already spayed or neutered are to go home the day of their adoption. All adopted animals that need to be spayed or neutered before going home must be taken home the day that they are released from surgery (the day after the scheduled surgery). A boarding fee will be charged for any animal that is not taken home as soon as they are able to go. An animal that is not picked up within 5 days of the adoption or release from surgery will be deemed abandoned and put back up for adoption.

For dog adoptions we strongly recommend that you bring your currently owned dogs to the Animal Care Centre to meet the selected dog. Make sure their vaccinations are up to date. Remember there are not refunds or exchanges if the animals are not compatible. You should be aware that all animals should be introduced slowly and should not be left unsupervised. It can take weeks for animals to learn to adjust to each other.

The personal information we collect from you will be limited and once it is not needed it will be destroyed. Your contact information may be shared with the City of Cold Lake, the veterinary clinics, the microchip company. We may also use this information to send you information regarding the Lakeland Humane Society. If you refuse to consent to this disclosure, you will not be permitted to adopt an animal from the Lakeland Humane Society.

I am of legal age and have read, understood, and agreed to the above.

Adoption release form: APPARENTLY HEALTHY

Animal Identification Species _____

Impound Number _____

This pet is available for adoption and is apparently healthy.

Although the animal appears well, an appointment for consultation with a local veterinarian should be made as soon as possible. The adoption package includes a free vet visit within 7 days of adoption with the Centre Animal Hospital.

I realize that my animal may have undiagnosed medical problem(s) or may be incubating an infectious condition. I accept responsibility for the continued veterinary care of the animal. I understand that the Lakeland Humane Society will not be able to provide further assistance with diagnosis and management of this animal, but will take the animal back within one month of adoption date at no charge.
